Transfer funds instantly from your bank account or card, to any bKash account using the Add Money service.SUPER FAST QR TRANSACTIONSUse the Scan QR button in the home screen at stores and shops for Payment, and at Agent points for Cash Out â€” faster and error-free.OFFERS NEAR YOUGet the best bKash offers at your nearest payment points, all in one place under the Offers section in your home screen.TRANSACTION SHORTCUTSIn the My bKash section, use shortcuts for your most frequent transactions to make them faster.SUGGESTIONS FOR YOUFind suggestions from bKash on what other services, Merchants , billers, and other partners you can try out.INBOX â€” TRANSACTIONS & PROMOTIONSAccess notifications on your latest bKash transactions and promotional offers, from the Inbox button at the bottom of your home screen.MOBILE RECHARGERecharge mobile balance or pay postpaid mobile bills for all major mobile network operators very quickly using amount shortcuts:â€” Robiâ€” Airtelâ€” Banglalinkâ€” Grameenphoneâ€” TeletalkLet bKash App take care of latest offers and best deals of your mobile operator. Register a bKash account right from the app in a few minutes, add money from your bank account or card, and get going. No worry! You can now explore bKash App, its services, features, and offers without an account. Introducing the new bKash App, with a fresh new look, and exciting features, to make your life simpler and easier than before. bKash App is a simple, easy-to-use and highly secure mobile money app for sending cash quickly to people, recharging mobile balance, paying at your favorite stores and shops, making utility and other bill payments from home, and so much more. ONE-TAP BALANCE CHECK Checking your balance is just a tap away. Discover the best bKash offers near you, get suggestions from bKash on what services you can explore next, and use shortcuts for your most frequent transactions in the new bKash App.FAST ACCOUNT REGISTRATION No bKash account? View and purchase recharge-based Internet, Voice and Bundle offers of different mobile operators in Mobile Recharge.PAY YOUR BILLSMake payments for your monthly utility bills such as electricity, gas, internet, and other services, right from the comfort of your home.BUY MOVIE TICKETThe smartest way to buy movie tickets? NOTIFICATIONS Receive notifications on your latest bKash transactions and promotional offers. GREATER TRANSPARENCY Have greater visibility over your bKash transactions - while entering the amount, you will see your available balance, auto-calculated service charge, and projected new balance - all before completing the transaction. Get notifications on your latest bKash activity and offers; see your transaction history, transaction summary, and status of your transaction limits, and avail many other mobile financial services. bKash App also asks for your PIN during both log-in, and transactions. To ease your life, we now enable you to transfer funds instantly from your bank account to any bKash account using the Bank to bKash feature in Add Money. STATEMENT Exert greater control over your mobile wallet by accessing your detailed transaction history, and a monthly transaction summary. REFER A FRIEND Refer bKash App to your family and friends. Simply enter your bKash account number, and after account verification, log in with your existing bKash PIN. REQUEST MONEY Request Money from your family and friends, and they can send you the requested amount very easily. EASY ON-BOARDING To start using the app, all you need is an active bKash account. bKash App asks for your PIN during both log-in, and transactions. CHECK LIMIT Know how much more you can transact by having a real-time view of your transaction limits. If you feel you have to change the amount, reference or even the number, simply go back, make the changes, input PIN, and Tap and Hold to confirm the transaction. After you are done exploring, you can register a new bKash account in a few minutes right from bKash App, using your National ID.ADD MONEY FROM BANK ACCOUNT & CARD Now you have an account, but you need money in it, right? SAVED AGENT Save your regular bKash Agent number in the app for faster Cash Out in future. We also help protect your data by hiding the balance after a few seconds.GREATER TRANSPARENCY & CONTROLHave greater visibility over your bKash transactions â€” while entering the amount, you will see your available balance, auto-calculated service charge, and projected new balance â€” all before completing the transaction. HIGHLY SECURE MOBILE BANKING We take the security of your bKash account very seriously. SAVED PAYMENT AND PAYMENT REMINDER Never forget to pay your regular bills - you can now save payments and set up weekly and monthly payment reminders. TAP AND HOLD TO CONFIRM Now you can have a greater control over your money by having to Tap and Hold for a few seconds to confirm transactions after PIN input. PERSONALIZATION Enter your display name and add a profile picture to personalize your bKash App. We also help protect your data by hiding the balance after a few seconds. PAY FOR YOUR BILLS Make payments for your monthly utility bills such as electricity and other services, right from the comfort of your home. SELECT RECIPIENT FROM CONTACT LIST No need to manually input numbers anymore! Simply select the desired recipient from your contact list for fast and error-free money transfer. Look no further! Buy movie tickets straight from your bKash App.HIGHLY SECURE MOBILE BANKINGWe take the security of your bKash account very seriously. INSTANT FUND TRANSFER FROM BANK We know going to Agent points for Cash In is not always an option. MOBILE RECHARGE Recharge mobile balance or pay postpaid mobile bills for all major mobile network operators very quickly using amount shortcuts. • Robi • Airtel • Banglalink • Grameenphone • Teletalk BEST RECHARGE OFFERS AND DEALS Let bKash App take care of latest offers and best deals of your mobile operator. Recharge mobile balance, scan QR to pay at your favorite stores, pay utility and other bills from home, and send money to people, all in a highly-secure mobile money app. We send you an OTP to verify your bKash account during first log-in.
